Personal Profile

I am a web developer now looking for a new opportunity in a company where I can grow my career. I am hard working, proactive and love solving new and interesting problems, which I feel was what made web development resonate with me. Since starting my education, I have continually strived to expand my knowledge and skillset wherever possible, and have become confident in my ability to create complex and robust websites using a variety of skills and technologies. I also feel I have a great passion and enthusiasm for the field, allowing me to keep up to date with industry trends and updates. Lastly I feel I have a great work ethic as demonstrated by my employment history below, and I believe I would make a great addition to any team.

Web Developer Skills and Competencies

Comprehensive knowledge of HTML5, CSS3, SASS, JavaScript, Vue.js, Angular, Testing, C#, ASP.NET Core, SQL (SQL Server Management), Visual Studio, Bootstrap and Git. I am also comfortable with React, though have only used this in my personal time.

A-Levels:

- Biology (C)
- Chemistry (C)
- ICT (A)

BTEC First Diploma:

- IT Practitioners - (Merit)

BTEC National Award:

- ICT (Distinction)

GCSEs (Achieved 13 A to C grades including):

- Science (B)
- Additional Science (A)
- Mathematics (B)
- English (C)

Employment History

Leighton - Software Engineer (March 2022 to Present)

At Leighton I have been part of a team working on the British Airways contract with the business. My main responsibilities have been to work through stories and tickets as part of a scrum team, and review other colleagues work when needed. Work would vary between areas of the site, but would typically consist of replacing outdated areas of the site to use newer Angular components, creating appropriate unit and regression tests where needed as well as general bug fixes and design changes when they arise. In this role, there was also a strong emphasis on accessibility, and as such, my work was required to support screen readers and other accommodations.

Sage - Software Developer (November 2021 to March 2022)

In this position I worked within the commerce team, where I was responsible for maintaining and updating the checkout process for the Sage commerce site. The tech stack consists of a Sitecore CMS along with ASP.NET. Part of my work in this position has been to componentise the frontend where possible to use Vue.js.

True Potential LLP - Software Developer (February 2018 to November 2021)

At True Potential LLP I was originally responsible for all frontend development, this requires me to deliver new pages and updates to the existing sites where needed, resolve bugs should they be flagged, as well as build the updated client web application. Over time I moved into more MVC and middleware development, and most recently the data side of development creating SPs to serve data to and from the database.

Urban River - Web Developer (November 2017 to February 2018)

In this role my main responsibility is to contribute to the development of various WordPress based websites. This requires a combination of development skills (HTML, CSS, JavaScript and PHP) as well as a solid understanding WordPress based site development.

Viscount Interiors Ltd - Digital Marketing Manager (January 2017 to November 2017)

In this position I am responsible for the development and maintenance of their new WordPress websites, as well as setting up and managing their social media campaigns. I am also responsible for researching software and technologies the company can use to streamline and improve workflow.

Freelance Web Developer (April 2016 to January 2017)

Work consisted mainly of front-end development work. Much of my experience was based in standard coding with HTML and CSS, though I occasionally used Bootstrap as a framework. During this time I also built up a familiarity with WordPress.

The Specials Laboratory - Customer Services Advisor (October 2013 to April 2016)

Teleperformance - Customer Service Advisor (May 2013 to August 2013)

River Island - Operations Assistant (March 2012 to August 2012)

Peacocks - Sales Assistant (September 2011 to February 2012)

Game - Sales Assistant (October 2010 to January 2011)

Debenhams - Food Services Assistant (June 2009 to January 2010)

Teleperformance - Customer Service Agent (June 2008 to September 2008)

Lloyds TSB - Trainee Clerk (Summer 2008 School Work Experience)
